MILITARY BILL IN RACE ISSUE

Senate Southerners Promise Fight for Segregation Within Measure.

WASHINGTON, May 12 — The Senate's military manpower bill, which today moved into the executive process, is expected to include a provision for segregation. Even before the compromise measure blending a five-year draft revival with a voluntary training program for 18-year-olds, the floor officials, angry southern senators promised a red hot fight.

And when southerners talk in the senate they often mean filibuster.

What they want is a provision in the bill guaranteeing every enlisted man the right to serve only in a unit of "his own race."

Committee Negative

Senator Russell (D-Ga.) asked the armed services committee to approve such an amendment yesterday, but the committee turned him down, 7 to 4.

Senator Maybank (D-SC), who cast one of the losing votes, said this warning on his colleagues:

"The day that this bill comes to the senate floor I will make speeches and offer amendments until the issue is cleared. It can not be allowed to pass in its present form."

Newsmen who asked Chairman Gurney (R-SD) whether the segregation question might jeopardize the compromise bill finally worked out were given this reply:

"I am not making any forecasts but I sincerely wish that issue never had been raised."

Substitute Plan

As a substitute for original plans for a separate and compulsory U. S. military bill would permit 18-year-olds to volunteer for one year of training with the regular service. Men 19 through 25 would be liable for two-year terms with doctors, dentists and other medical specialists up to 45 subject to induction.

Meanwhile the \$3,200,000,000 money bill authorizing an immediate start on a 70-group combat air force awaited Mr. Truman's expected signature. Containing \$82,000,000 more than the President asked, it sped through both the house and senate yesterday by voice votes approving a final conference report.

Building 70-Group Force Called Long Job

By The Associated Press

NEW YORK, May 12—Adoption of a 70-group air force program by congress merely starts the wheels toward a modern flying, fighting force of that size. It could not be achieved in less than two years.

If a war emergency occurred tomorrow, the first decision forced on military leaders would be whether to retool for World War I planes to try to push development of postwar types, most of them jets.

Training for large volume production on most planes that served in the recent war has been discontinued.

At the same time, jet aircraft have not yet been developed to a level satisfactory for combat use. The bill at the White House today represents approximately 3,600,000,000 provided by congress in advance of regular military appropriations so that the job of producing can be started. Part of the money is authority to contract for military aircraft. With

Disrupts Service Temporarily; Barn Burns Near LaRue.

A severe electrical storm which drenched the Marion area for several hours last night damaged several Ohio Public Service Co. installations and destroyed at least one barn in the county.

Parts of Marion were without electricity for several minutes shortly after 7 p. m. when lightning striking near the OPS central substation on North High street put several potential transformers out of commission, shorting out four distribution lines. Lines temporarily out were three coming in from the Scioto power plant and one linking the C. C. Roberts substation on Garden City pike.

Hit earlier in the evening, a second substation serving the area several miles south of Marion on Route 23, was knocked out by lightning and had to be replaced. Isolated cases of lightning knocking out service to residences were reported to the company from the Marion area.

Fire leveled a barn on the Arthur Ingle farm several miles west of LaRue shortly after 6 p. m. last night shortly after the storm hit the LaRue area. Hit by lightning, the structure was beyond saving when the LaRue fire department arrived. Adjacent buildings were saved. Loss which included power machinery was not immediately determined.

JERUSALEM CEASE FIRE TRUCE BROKEN

By The Associated Press

JERUSALEM, May 12—The cease fire was broken in Jerusalem today when Arabs and Jews exchanged shots in the Holy City's suburbs. Each side blamed the other for breaking the truce.

The main shooting was in the southwest corner of Jerusalem, where Arabs have been sniping at the Jewish Mekor Haim settlement for the past five months.

Scattered shooting also was heard in the Yemin Moshe quarter. Haganah militia returned fire from the Katamon quarter, which they recently wrested from the Arabs. There were no actual attacks, only sniping and return fire.

The Jewish agency said it was lodging a protest with the United Nations consular truce commission against rupture of the cease fire order.

Arabs accused Jews of opening fire with rifle shots from Mekor Haim at the Arab section of upper Bakaa on the Bethlehem road.

RUSSIA TOLD WAY TO PEACE THROUGH UN

Marshall Rules Out 2-Nation Settlement of World Problems.

By The Associated Press

WASHINGTON, May 12—Secretary of State Marshall said today that if Russia is seriously interested in improving world conditions there is urgent need for action through the United Nations.

In a news conference statement, Marshall ruled out the possibility of a direct two-nation settlement.

Marshall said in the statement that Ambassador Walter Bedell Smith had not asked Soviet Foreign Minister Molotov "for any general discussion or negotiation."

Molotov had said that Smith proposed discussion and negotiation and publicly announced that Russia had accepted that was in a world-startling Russian broadcast Monday night (Moscow time).

A reporter asked why it would not be possible to ask Premier Stalin to a meeting with President Truman in Washington if the Soviet government submits concrete proposals for negotiation with the United States. Marshall said he could not discuss that point; that it would be one for the President.

The secretary emphasized several times that while he has so far not determined on sending any further formal note or statement to Molotov, the United States will stand ready at any time to undertake normal diplomatic interchanges when there is hope for beneficial results.

State Department Busy

The state department kept busy all day yesterday with the texts of various declarations to try to set the record straight on exactly what is what. Behind the scenes officials were beginning to explore the possibilities of what the next step might be.

The texts issued were these:

A statement by Ambassador Walter Bedell Smith to Molotov in Moscow May 4. It was aimed, officials said, at impressing on the Russians that the United States intends to go through with its policies for rebuilding western Europe but is not hostile or aggressive toward the Soviet Union.

Molotov's reply to Smith on May 9. In this the Soviet government assumed that what Smith had said on May 4 added up to a proposal to discuss a settlement of outstanding differences. Molotov said the Soviet Union "is in agreement with the proposal."

Informal comments Smith made to Molotov. In this Smith reiterated substantially what he said in his first statement and added that American policy had been forced by what Smith called Russia's "expansionist policies" in Europe.

In between these releases, the White House issued a statement in which Mr. Truman declared that Smith's purpose in calling on Molotov in the first place had been to impress upon the Soviet government:

(1) That the present policies of the United States, including European recovery, "will continue to be vigorously and firmly prosecuted" but (2) "the United States has no hostile or aggressive designs whatsoever with respect to the Soviet Union."

Officials who will be influential in determining the final American decision on the next move said several fundamental points must be kept in mind.

Not Over Optimistic

One of these is that the United States does not consider any overall settlement possible at this time. Rather it believes that the only progress which might be made would come in agreement on specific issues.

Another fundamental point entering into state department calculations is that any negotiations which might take place involving the interests of other countries such as France and Britain must include those countries.

Still a third consideration is that Russia may be maneuvering for formal American recognition of the Soviet sphere of influence in eastern Europe. Authorities here said flatly the American government will never grant any such recognition.

Judge at Cincinnati Fined for Speeding

Bevin Says 'Must Clear Ground' Before Talking with Russians

ITALIAN PRESIDENT. Parliament elected Luigi Einaudi, 74-year-old banker-economist, the first president of the new Italian republic, Giovanni Gronchi, speaker of the chamber of deputies, proclaimed Einaudi's election after the fourth ballot of both houses gave him 518 votes 67 above the 451 required for a simple majority of the total membership of 900. He was backed by Christian Democrats (Associated Press Wirephoto.)

By The Associated Press

LONDON, May 12 — Foreign Secretary Ernest Bevin told parliament today only the Communists are standing in the way of world peace.

"I am anxious for peace; anxious for a settlement with Soviet Russia," he said.

He added that there could be no settlement until "the ground has been cleared."

Bevin was replying to a question by Anthony Eden, wartime foreign secretary. Eden had asked whether he could make a statement about the American-Russian diplomatic exchange which the Moscow radio disclosed early yesterday.

Critiques Publicizing

Bevin criticized the Russian publicizing of the Russian and American statements, saying:

"Before the United States government received a reply from the Soviet government, publication was made through the Tass Agency. While that diplomatic usage goes on, clearing the ground for an understanding is almost impossible."

"If the ambassador of a nation can not discuss quite frankly with the foreign minister of another country without publication, it is not so that in order to bring the parties together, then the situation is not only intolerable, but peace is impossible."

Bevin earlier had been reported as slightly annoyed that he was not informed in advance of the exchange. He was said to have felt better when he learned that even U. S. Ambassador Douglas had no advance knowledge.

Bevin said that "I have had too many failures" already in trying to reconcile the dispute between the West and East. He said that, before he could take part in any new attempt, "a good deal of preparatory work has to be done."

Europe's Hopes Aroused

Europeans, official and unofficial, seized today upon Russia's announcement of her willingness to talk things over with the United States as a glint of hope for lasting peace.

The general reaction was that there may be much to gain and little to lose by such talks, no matter whose idea it was.

The French expressed optimism. Maurice Schumann, president of France's popular Republican Movement party, said:

"American firmness and the promptness with which the 16 (Marshall plan) nations pushed their efforts to union and organization, the Cominform's setback in France and Italy, all are beginning to bear fruit."

In Rome, Italian Foreign Minister Carlo Sforza declared:

"Silences are dangerous, and conversations never are it is for this, holding peace above all else, that I am happy contact has been made between Washington and Moscow."

European newspapers echoed these views:

"America is big enough and strong enough and earnest enough in her will to peace to take up Mr. (Russian Foreign Minister V. M.) Molotov's offer without loss of face or prestige."

The Daily Express said, and the same view was echoed in almost all other London papers.

Their idea, and that of other quarters in western Europe, was that the fact that Molotov in the early hours "yesterday seized the opportunity to accept" what he chose to interpret as an invitation for Soviet-American conferences could not be dismissed entirely.

Einaudi Takes Oath As Italy's President

By The Associated Press

ROME, May 12 — Luigi Einaudi, 74-year-old banker, who says he loves America, took the oath tonight as the president of Italy.

He is expected to appoint Alcide De Gasperi premier. De Gasperi has been premier of the provisional government since December of 1945.

Einaudi has been governor of the Bank of Italy, vice premier in De Gasperi's cabinet and budget minister. Senators and deputies elected him yesterday.

When interviewed at his home shortly after being elected, the new president said this brief comment for American reporters:

"You can say I love America. I think America holds the answer to Europe's recovery and the peace of the world."

"I have learned to admire America through my son, Mario." Mario is a professor of political history at Cornell university.

MARION MAN FOUND GUILTY

Raymond Littell Convicted of Unarmed Robbery at Upper Sandusky.

Special to The Star

UPPER SANDUSKY, May 12—A jury of seven women and five men took only 25 minutes yesterday to find Raymond Edward Littell, 29, of 276 Park boulevard, Marion, guilty of unarmed robbery.

Prosecutor Russell C. Price rested the state's case just before the noon recess.

Just after the afternoon session of court had convened defense attorney Walter D. Moore of Marion placed Littell on the stand.

Littell fully admitted his guilt of taking part in the robbery of Reno's Recreation room here with Paul Robert Clark on April 1. A signed confession written by Littell had already been filed in evidence by the state. After the jury had heard Littell's admission of guilt Moore rested his case.

The case went to the jury at 3:30 p. m. At 3:55 p. m.—with his wife, mother and 22-month-old son in the room—Littell heard the jury announce its verdict finding him guilty of unarmed robbery, the lesser of the two charges on which he had been indicted. The charge of armed robbery included in the indictment was ignored by the jury. Conviction for unarmed robbery carries a sentence of 1 to 25 years in the Ohio penitentiary.

Court attaches said this morning sentencing is expected to be deferred until the three-day period in which his attorney may file a motion for a new trial has expired.

MOVIE ON SOVIETS CAUSES N.Y. RIOT

By The Associated Press

NEW YORK, May 12—Thousands pouring out of theaters near Times Square last night were swept into a milling throng of rival pickets, clashing over the movie "The Iron Curtain."

Fist fights broke out, and the yells and catcalls rose above the roar of traffic.

Almost 200 police—some riding horses on the sidewalks—struggled with the pickets a half hour before clearing the area. Five persons were arrested, one accused of punching a policeman.

Traffic halted in some places and slowed to a snailpace in others as pickets who identified themselves as members of the New York Committee Against War Propaganda marched in front of the Roxy theater. They carried placards protesting the movie.

Members of the Catholic War Veterans had waited at the scene four hours for the rival pickets to show up.

Fights between a half dozen on each side started after a woman distributing leaflets assailing the film snuffed with a policeman.

The film, scheduled to start today at the Roxy, is advertised as "based on the personal story of Igor Gouzenko, former code clerk USSR embassy in Ottawa, Canada."

Marion Substitute Catcher Dies Suddenly in Richmond

Nineteen-year-old Bob Osgood, a catcher who played his first game for the Marion Cubs last Sunday, collapsed and died in the Cubs' dugout at Richmond, Ind., ball park last night.

Death was attributed by Coroner Henry F. Unser of Richmond to a heart attack.

Osgood, from Somerville, Mass., had slumped over on the dugout bench at 7 o'clock. The heart attack came as the Cubs' team took shelter from a rainstorm that postponed the scheduled Ohio-Indiana game.

At 8:03 p. m. after more than an hour of artificial respiration with a mechanical resuscitator, Doctors James Z. Logan and Paul Penetecost declared the boy dead.

Had Been in Hospital

Osgood's roommate, Bill Bolduc, said the young catcher recently told of being in a hospital two weeks with the flu and left one ball club earlier in the season because of the sickness.

Marion's manager, Lewis Bekeza, declared Osgood had not looked well in his few days with the Cubs and had had a blue coloring to his face.

Father Dugan of St. Mary parish in Richmond administered last rites.

Osgood's body was brought back to Marion today by the Axe and Son funeral home.

CIO WORKERS WALK OUT IN WAGE DISPUTE

Union Leaders Prepare To Dig in for Long Strike with Company.

By The Associated Press

DETROIT, May 12—The CIO's 75,000 Chrysler Corp. employees struck today for a third round of post-war wage increases.

Gov. Sigler immediately ordered a complaint against the strikers under Michigan's new Bonnie-Tripp labor law.

It requires that the state take a strike vote before workers can walk out. The CIO United Auto Workers contend it does not apply when a firm has plants outside of Michigan.

Sigler told reporters that he had asked the state labor mediation board to make a complaint to Wayne county (Detroit) Prosecutor James McNally. Under the law, McNally then could ask a court injunction.

"Either the law is good or it isn't," Sigler said. "If it's constitutional, we might as well find out now."

Briggs to Lay Off 13,000

Meanwhile, Briggs Manufacturing Co. said 13,000 workers in its six Detroit plants would be laid off by Monday because of the strike. Briggs supplies Chrysler with bodies.

Workers streamed from the Detroit area Chrysler plant quietly. A few sang. Many joined the picket lines to hear placards reading:

"We are on the picket line because we can't buy the things we need" and "my wife can't buy pork and beans on sympathy."

A flood of workers from the Dodge main plant jammed traffic for 20 minutes. Guards threw the main gates wide to allow the men and women out.

Food and sandwiches were swarming the pickets. Union members were preparing it two hours before the strike deadline.

Closing Moves Speedily

Within an hour all 12 Chrysler plants in Michigan were idle. There are three more in Indiana and one in California.

Police Commissioner Harry Toy said the union had promised to let non-striking office and maintenance help "go in and out as hewitfore."

Norman Matthews, head of the union Chrysler negotiators, told a UAW-CIO meeting last night that "since Chrysler has forced us into the position of striking, we will give them the dumbest strike they have ever seen."

General Manager Herman L. Wecker of the corporation, said that, despite the strike, the company is "still willing to discuss the situation and to arrive at a reasonable settlement."

Negotiations had been under way since Feb. 27 on the UAW's demands for a 30-cent hourly wage boost, pensions, insurance and other benefits.

Wecker, in a statement last night, repeated the company's contention that "wage increases would inevitably contribute to another rise in prices, another rise in living costs, and consequently not increase employees' purchasing power."

Raise Offered

He said Chrysler had offered its workers raises equivalent to \$10,000,000 a year, but that the union asks \$28,000,000,000.

Indications that the UAW might be digging in for a prolonged strike came from Secretary-Treasurer Mazzy who announced that a special \$1 strike assessment was a contemplated against the union's 1,000,000 members next month.

STEEL CIO ACTING ON ANTI-RED PLEDGE

By The Associated Press

BOSTON, May 12—Nearly 3,000 delegates to a convention of the CIO's largest union—the Steelworkers—will decide whether the organization will continue its stand of refusing to comply with the non-Communist pledge in the Taft-Hartley act.

Asked by one of the delegates, Bert Hanson of Chicago, the reason for the union's stand, President Philip Murray replied it was not final and that the convention would decide the question.

"I'm going to recommend to this convention, whether you comply or not, that you expend your moneys to fight this in the federal courts," Murray added as the delegates of the \$28,000-member union stood and applauded.

The steelworkers president who also heads the national CIO was referring to the union's contention that the Taft-Hartley act is unconstitutional in its requirement of non-Communist affidavits by union officers and to a court test case the union is seeking.

No Yielding to Russia, Herbert Adverses in N.Y.

By The Associated Press
NEW YORK, May 12 — Gov. Thomas J. Herbert of Ohio says the United States "should not yield to Russia in any way in its apparent program to spread the Communist philosophy world-wide."

Speaking before the Ohio Society of New York, Herbert said Monday night that principal concern should be given to "maintaining world peace while at the same time adequately protecting the people of the United States." He called for a "strong" U. S. foreign policy based on principles of justice, consistency and considerations of human need.

He claimed the present foreign policy "seems to resemble the man on the flying trapeze—who swings one way, then another but gets nowhere in particular." He said the Palestine situation "is a case in point."

SOLONS WITH UNION CARDS IN DILEMMA
By The Associated Press
WASHINGTON, May 12—Some congressmen who hold union cards today found their 12,500 annual salaries momentarily jeopardized by the house appropriations committee.
The committee, in approving a \$55,056,690 fund for the law-making branch, added this recommendation:
That no federal funds be used to pay the salary of any person in the legislative establishment belonging to a union whose officers have not filed the non-Communist oaths required by the Taft-Hartley act.
The provision was aimed primarily at government printing office employees who belong to the AFL International Typographical union.
But there are several congressmen who are dues-paying members of other unions whose leaders have not complied with that provision of the labor law. An appropriations committee spokesman said the wording of the recommendation might affect them. But there appeared to be no doubt that if so the provision will be rephrased before the bill comes up for a vote.
The committee turned down a subcommittee recommendation to allow house members \$450-a-year for long distance telephone calls. That would have been in addition to a \$2,500-a-year general allowance given congress members.
The committee had estimated

Larry Kees, four-year-old, displays his limit catch of five trout he landed within an hour after the fishing season opened in Idlewild Park lake in Reno, Nev. The lake is stocked with trout and fishing is limited to children under 12. It is a part of Reno's children's recreation program.

TOURNEY WINNERS FOR SCHOOLS LISTED

Marbles and Jacks Players To Play for Title.

Results of three Marion schools' jacks and marbles tournaments, held Monday night, were announced yesterday by the YMCA, which is sponsoring the events, with winners and runners-up listed. The result of the tournaments at a fourth school, held Wednesday night and not reported previously, was made known with the other three. The three were postponed from last week because of unfavorable weather. Finals, postponed from last Saturday because of the weather, will be held Saturday this week, at 2 p. m. It was stated, unless weather again interferes, in the latter case, the finals will be held on a night as soon as possible next week. Jacks finals will be at the Y, and marbles finals at Central Junior High school.
Listed as follows were the results of the tournaments at the four schools, with those of Wednesday night given first:
Mark — Marble champion, fifth grade, James Mathers, runner-up, Billy Phelps; marble champion, sixth grade, Billy Hackworth, runner-up, Ben Bosh; jacks champion, fifth grade, Mary Kinley, runner-up, Shirley Steven; jacks champion, sixth grade, Patricia Ruhl, runner-up, Geneva Everly.
Silver — Marble champion, fifth grade, Fred White, runner-up, Tilton Watts; marble champion, sixth grade, Herman Wright, runner-up, Delbert Stoneburner; jacks champion, fifth grade, Patly Brothers, runner-up, Helen Jones; jacks champion, sixth grade, Sandra Scheitler, runner-up, Zelda Clench.
Oakland — Marble champion, fifth grade, Frank Nolt, runner-up, Fred Williamson; marble champion, sixth grade, Jerry

Lee, runner-up Tommy Irwin; jacks champion, fifth grade, Wilma Carrel, runner-up, Bonnie Bolenbaugh; jacks champion, sixth grade, Phyllis Sweater, runner-up, Beverly Rizer.

Glennwood — Marble champion, fifth grade, Marion Smith, runner-up, William Schofield; marble champion, sixth grade, Dick Smith, runner-up, J. Holt; jacks champion, fifth grade, Virgie White, runner-up, Mary Mullins; jacks champion, sixth grade, Barbara Jagers, runner-up, Glenda Utley.
Officials were Gene Zahn, Dick Reiff and Don Meddles, for marbles; and Mary Jean Dutt, Polly Bizzert, Joan Lash and Mary Weiss, for jacks.

Find Prehistoric Pottery, Delaware Co.

Special to The Star
ASHLEY, May 12—Mrs. W. S. Cole of southwest of Ashley, Marlborough township (south of Waldo) who won popularity through her discovery of an Indian skeleton on the Cole farm last summer, has again come into the limelight. Recently she discovered many fragments of Indian pottery in the vicinity, and besides finding the complete Indian skeleton, she has found different parts of skeletons lying almost uncovered. She thinks this is due to the fact that owing to the unusually severe winter, freezing and thawing has disintegrated the bones. This becomes more interesting when one recalls reports that none had been found in the last 50 years. The pottery bits, she informs, are like lumps of mud until washing reveals them to be of a grayish tan color, filled with sparkling granite and flint atoms. The articles will be presented to the museum on the Ohio State university campus in Columbus. The bones she has found recently fill a large cigar box, packed tightly.

WORK IS STARTED ON SEWER PROJECT

Engineer Reports Construction Now Under Way.

City Engineer Tom Cathers reported today that construction has begun at the intersection of Bennett and Clinton streets on the Bennett street-Fies avenue sewer project.

The work is being performed by the Verderer Construction Co., Inc., of Toledo.

A total of 2,036 feet of 15-inch sewer will be placed. The sewer will serve Bennett street to Fies avenue, Fies avenue to the Erie railroad, pass under the railroad and have its terminus in the Columbus street ditch.

Funds for the project are derived partially from the bond issue passed for sewage projects and the remainder will be paid by assessment of properties served by the sewer.

Harmonaires Arrive

For Concert Tonight

With the arrival in Marion today of the Harmonaires, popular radio and recording group, arrangements were completed for their program tonight at 8 at the Palace theater.

Tickets will go on sale at 7 at the theater box office. No seats will be reserved.

Members of the Business and Professional Women's Club, sponsors of the program, will be in charge of the box office and will serve as ushers.

A rehearsal was conducted this afternoon at the theater, under the direction of the Harmonaires' leader, Raglan Reid, former Columbus attorney.

The club's public affairs committee, which is in charge of civic projects, will benefit from the ticket sale.

MANSFIELD JURY INDICTS 2 ON ROBBERY CHARGE

By The Associated Press

MANSFIELD, O., May 12.—The Richland county grand jury today handed up indictments charging Donald Devere Bowman, 24, of Columbus and Wallace R. Black, 29, of Cleveland with armed robbery.

The pair was accused of robbing the Wade and Roberts restaurant-filling station of \$248 on April 5. They will be arraigned Friday.

Everything Normal But—

THE railroad system of the United States is operating as usual. Its employees are busy at their essential work. Millions of other employees who would have been laid off in event of a railroad strike are earning wages—doing what needs to be done to keep the national economy healthy. The population has been given back the sense of security it lost when a railroad strike was in the offing.

The chances are there will be no strike. The government, having taken technical possession of the railroads, will devise ways and means of keeping them in operation. It will do this with complete popular approval, including the approval of a majority of railroad workers. The United States cannot tolerate a railroad strike. There is too much at stake—the general welfare.

Yet in the face of this predetermined fact a strike was called by a minority of railroad workers. The minority was able to do it because it had the privilege of industrywide bargaining. It uses this privilege to threaten a nationwide disaster. When that happened, the government was forced to intervene, as it always has intervened and always will. The alternative would be anarchy.

No minority has a moral right to jeopardize the public welfare of the entire nation. This has been affirmed every time a minority tried it and forced government intervention. Yet, under existing law, minorities continue to have a legal right to try it. If the United States cannot accept nationwide strikes against public welfare—and experience shows it cannot and will not—there will have to be revision of legal sanctions for nationwide bargaining that uses nationwide strikes as a last resort to force a settlement.

Stuffed Dove on a String

THE Kremlin has sent aloft a stuffed dove on a string. The United States wonders why.

Three things are obvious:

1. The dove is held aloft by the wishful hopes of Americans, who want to believe that war with Russia can be averted. It is a trial balloon.
2. But it is the only sign ever given that the Kremlin might possibly want to reopen the questions that have alarmed American public opinion, even if the purpose is only to stall for time.
3. The United States must give Russia the benefit of the doubt, meanwhile continuing to talk the only language the Kremlin seems to understand—no appeasement, adequate military force to offset Russian expansionism and rehabilitation of European countries outside the Soviet sphere of influence.

It is possible, though not probable, that the Kremlin genuinely wants to reach an understanding that can save the United Nations, avert a costly armaments race and subdue the clash of ideologies that has mocked the dream of international security on a live-and-let-live basis.

The Italian elections, formation of groups working toward European federation and firm policy of the United States on military preparedness and economic assistance to free nations may have changed the Kremlin's mind. The question of its sincerity, however, must remain open until proof is given, and only Russia can give the proof.

The United States believes cooperative security within the United Nations is possible. If Russia will cooperate. If Russia will not cooperate, the United States will try to achieve security outside the United Nations. It has no hostile designs on Russia. It awaits proof that Russia has no hostile designs on the United States, or on any of the nations which look to the United States for guarantees of security against Russia.

Rule of Thumb

A SPOOFING account of attitudes on dogs and kids by presidential aspirants serves as a reminder that this is really not a spoofing matter.

The American people expect that a man seeking the biggest job they permit anyone to hold in this country should meet certain basic specifications. These constitute a rule of thumb for measuring the candidate's caliber.

He should understand the role of household pets in the general scheme of things. He should know how to unbend in the presence of children and preferably should be a working parent with the scars to show for it. He should understand why fishing and hunting are important in a country only lately engaged in these pursuits from necessity. He should be subject to at least one of the minor vices, such as smoking, taking an occasional drink, reading trashy literature, or playing hide-and-seek with the members of his bodyguard, which was one of Calvin Coolidge's little foibles. If possible, he should look like a chief executive of the United States, with a view to having his profile on a coin. It also is desirable that he should have some engaging weakness in his choice of clothing, such as a Navy cape like Franklin D. Roosevelt's, or a choker collar like Mr. Hoover's. A man might go to be president without any of these qualifications, but he'd have a hard time. People would be suspicious. They'd keep watching him to see what he was up to.

Scanning the Record

By George E. Sokolsky

In the Words of Demosthenes.

SOME tales are as old as the earth itself. The other night, weary of the emptiness of the debate in UN and the primaries and Stassen and Eisenhower and all that, I pulled Demosthenes off the shelf and read of Henry Wallace. Of course, Demosthenes knew nothing of the United bill, but he did say:

"... You think it a necessary to grant general freedom of speech to everyone in Athens that you even allow aliens and slaves to share in the privilege, and many menials may be observed among you speaking their minds with more liberty than citizens enjoy in other states..."

Then the orator got on to the subject of the day, which was the evils of Stalin—I mean, Philip of Macedonia. Demosthenes put it this way:

"... If indeed Athens can remain at peace and if the choice rests with us... I personally feel that we are bound to do so; and if anyone says that we can, I will and do something and to play us no tricks; but if there is another person concerned, with sword in hand and a mighty force at his back, who imposes on you with the name of peace but himself indulges in acts of war, what is left but to defend ourselves? If you choose to follow his example and profess that you are at peace, I raise no objection. But if anyone mistakes for peace an arrangement which will enable Philip, when he has seized everything else, to march upon us, he has taken leave of his senses, and the peace that he talks of is one that you observe towards Philip, but not Philip towards you. That is the advantage which he is purchasing by all his expenditures of money—that he should be at war with you, but that you should not be at war with him."

"If we are going to wait for him to acknowledge a state of war with us, we are indeed the simplest of mortals; for even if he

marries straight against Attica and the Peloponnese, he will not admit it."

Speaks to Assembly

Then the orator advises the Athenian assembly:

"But it is not enough... even to oppose him with active military measures, but both from calculation and on principle you must show your hatred of those who speak publicly on his behalf; and you must reflect that it is impossible to defeat the enemies of our city until you have chastised those who within our very walls make themselves their servants. And that, as all heaven is my witness, you will never be able to do; but you have reached such a height of folly or of madness or—I know not what to call it, for this fear too has often haunted me, that some demon is driving you to your doom, that from love of glory or envy or rivalry, or whatever your motive may be, you clamour for a speech from these hirelings, some of whom would not even disclaim that title, and you derive amusement from their vituperations. This is serious enough, but there is worse to follow; for you have granted to these men more security for the pursuance of their policy than to your own defenders..."

Well Qualified To Speak

Have I quoted too lengthily? Well, my brethren, go on and discuss this question more ably than did Demosthenes. And maybe he was a bore, as some of us have been since 1917, when we began cautioning the western world of the horrible specter of immorality that was blowing westward off the Eurasian steppes.

You can be as reasonable as you choose, but when a terrific campaign is organized to keep the motion picture, "The Iron Curtain," which every American must see, and take his children to see, then we want to know what are the motives of the suppressors and boycotters. These creatures pretend that they oppose this movie because they hate war, but we have long learned to suspect those who say that they hate war only to prevent us from building our defenses. We know that they want us to be weak, so that our enemy might more readily build his power.

Glubb Pasha of Trans-Jordan

English Leader Heads Arab Force.

THE prime fighting force of the Arab world is King Abdullah's Trans-Jordan Legion, an elite corps of 12,000 men commanded by Brigadier John Bagot Glubb, an Englishman known to the Arabs as Glubb Pasha.

A slim man of only five feet four inches, Glubb Pasha has combined the tactical knowledge of Sandhurst, the British West Point, with Arab desert war methods. His expertly trained, rigidly disciplined corps is designed to deliver hard, fast blows. It has never been tested in a long, strenuous campaign.

The Arab Legion is equipped with the latest in artillery, tanks and armored cars. It also has cavalry and camel units in which the animals are trained to take cover in rough terrain. It has virtually no air support.

Britain has supplied Trans-Jordan with Glubb Pasha and the legion's 14 other top commanders; also financial support at a rate of about \$8,000,000 a year.

Glubb Pasha is 50. Son of a soldier, he was a member of the British Royal Engineers until he went to Mesopotamia in 1921. He formed a border patrol for Iraq and in 1930 became executive officer to Col. Frederick Gerard

Peake in Trans-Jordan's Arab Legion. Peake gave Glubb a patrol of 150 men with which he roamed 30,000 square miles, imposing law and order on warring tribes.

Glubb succeeded Peake as commander in 1939 at a time when the legion was being built to more imposing proportions. Glubb combined Arab traditions and customs with the demands of modern war. By 1941 the legion was able to conduct successful campaigns against the Nazi-supported Rashid and Vichy French forces in Syria.

Despite his short stature and his demeanor, which is more like that of an English school master than a soldier, Glubb has inspired a fierce loyalty in his men. There are no desertions and few resignations. Most officers come up through the ranks. There is little difference between officers and rankers in pay and none in accommodations or food. All legionnaires are free to give their opinions on anything from tactics to uniforms before a decision is made. Tribal chieftains are proud to have their sons enroll in the legion.

Glubb has spent so many years among the Arabs that he is as much Arab as English.

The Stern Gang's Leader

By Eliav Simon of United Press

THE TOP man in the Stern Gang, who looks like the leader of the Jewish underground group, says he is prepared to fight Americans, Russians, or any other troops sent to the Holy Land.

He said it was doubtful if Palestine had seen the last of the British. There would be a blood bath if they stick around, though, he said. He said the Stern Gang would fight "all the foreign powers without exception."

The leader made it a condition of the interview that neither his name nor the location of his headquarters be revealed. He is 40, well-dressed and well-educated.

His headquarters fail to match the revolutionary aspect of his movement. He received me in the sitting room of a fashionable villa on Tel Aviv's outskirts. The room was soberly finished in polished mahogany and decorated with bouquets of gladioli and jasmine. The blinds were drawn.

I asked the leader if the mysterious atmosphere were necessary. "Yes," he said. "We do not know what the future has in store for us. We do not know when the British will leave or if they will leave. We doubt this very much in spite of their oft-repeated assurance to the contrary."

I reminded him there had been talk of the Stern Gang's relations with the Cominform.

"One cannot stop people from making allegations," he said. "I can only tell you that the fighters for the freedom of Israel have nothing to do with Communism."

"We are not giving our blood to become dependent on any power. You want to know what our attitude would be toward Russian troops here? We would fight them as enemies."

Grapefruit Glut

Speaking in Congress the other day, Representative A. L. Miller (R) of Nebraska wondered why a consumer must pay 15 or 20 cents for a grapefruit, while in the Texas Rio Grande valley, where they are grown, the best grade of pink grapefruit sells for \$6 or \$7 a ton.

In Edinburg, Tex., according to an item from the Edinburg newspaper submitted by Rep. Miller, a bushel of onions sells at \$4.50 to \$5, while a ton of juice grapefruit brings \$2.50. Ordinary white grapefruit is \$4 a ton. Because of the citrus fruit surplus, the article says, Texas farmers have put 600,000 more acres in cotton.

Ceramic Pickup

A new ceramic, baked like ordinary kitchenware, has been perfected for use in all types of loudspeakers and microphones. Called titone, the ceramic is impervious to heat, cold and moisture and will make possible high-quality, low-priced sound equipment that will function for years under all kinds of atmospheric conditions.

Most sound pickup devices now use synthetic quartz sealed in moisture-proof cartridges. The new substance can be immersed in water and yet will function as desired. Titone sound pickups are said to surpass the tonal range of quartz crystal units and will function at temperatures ranging from 65 below zero to 212 above.

Deadly Weapon

From News of Other Years

TEN YEARS AGO

It was Thursday, May 12, 1938. The last hopes of Haile Selassie of blocking an Anglo-French move to reorganize Italy's conquest of his Ethiopian empire vanished as a majority of the delegates of the League of Nations at Geneva declared in favor of recognition.

Marion county fruit growers said strawberry blossoms were black, blighted by a killing frost the preceding night, and added that undoubtedly berry blossoms also were hit.

Mrs. Charles S. Waters was elected regent of Captain William Hendricks chapter, Daughters of the American Revolution, at a meeting held at the home of Mrs. J. E. Smith on West Church street. Representatives of national and international labor organizations affiliated with the American Federation of Labor were speakers at a joint meeting of local Lodges No. 1059 and No. 1281 of the International Association of Machinists held in the Moose hall in celebration of the fiftieth anniversary of the founding of the international body.

George Duff was installed as noble arch at a meeting of Marion Grove No. 27, United Ancient Order of Druids. J. C. Hoffman, district deputy, was installing officer.

An operetta, "The Magic Tree," was presented by the pupils of the fourth, fifth and sixth grades of the Silver Street school, under the direction of Miss Martha Carl, music instructor in the schools.

TWENTY YEARS AGO

It was Saturday, May 12, 1928. Cecil R. Leavens, county surveyor, announced his candidacy for renomination on the Republican ticket and Carl H. Tozzer, city building inspector, announced for the Democratic nomination.

Miss Myrtle Gandert, student nurse at Glendale hospital, Cleveland returned to Cleveland after a visit with her parents, Mr. and Mrs. J. H. Gandert of Mary street. Miss Nina O'Donnell of Chestnut street and Miss Joan Art of Bellevue avenue were visiting friends and relatives in Mattoon, Ill.

Funeral services were held at the A. C. Vogt home on Sheri-

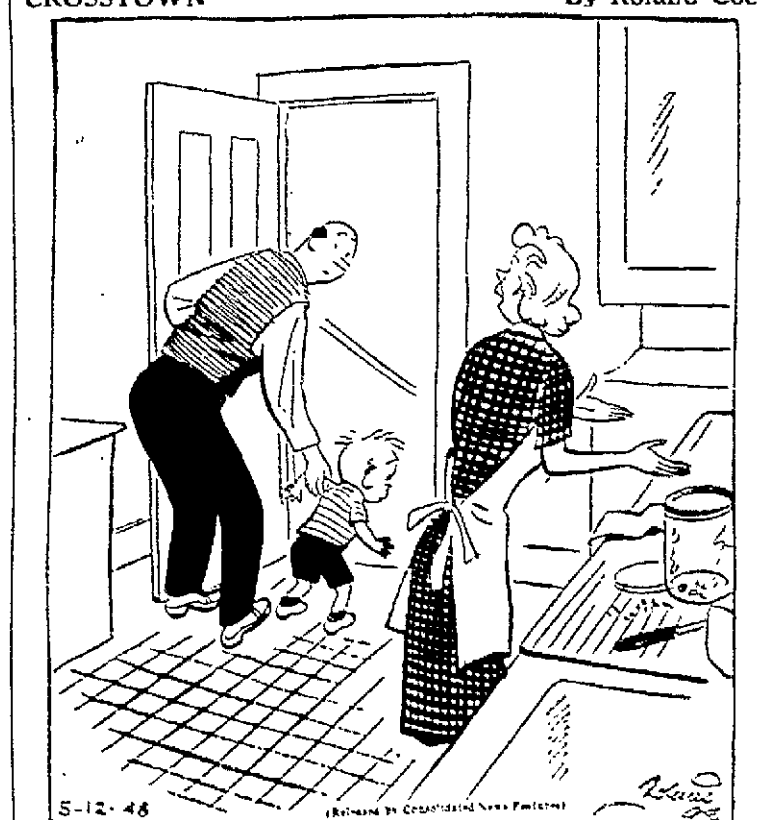

dan road for Frank L. Berry, 64, former mayor of Marion. A lone gunman held up five persons in the Kroger grocery store on Silver street and escaped with \$123.

Mrs. Lucy A. Bosh, 70, died at her home in Richmond. A son was born to Mrs. James Howell of Dix avenue. The father had been killed in a motorcycle accident in November.

Friends and relatives of Charles F. McCombs of South Main street gave him a surprise party in celebration of his birthday anniversary.

On Predicting Elections

By RAYMOND MOLEY

IN an issue of this column written ten for release the day before Harold E. Stassen met Senator Taft in Ohio, there appeared the statement that Stassen would get "eight to ten delegates." He won nine.

Called to win for the author of this column any acclaim as a prophet. It deserves to be said that whatever credit is due belongs to Richard Mahor, political reporter for the Cleveland Press, from whom I solicited the information.

On the other hand, a Pulitzer Prize winner in Washington made an estimate of 16 for Stassen. There were other "bad guesses" along the Potomac.

This column is written to make a point which should be noted by any enlightened citizen who is interested in the flow of political news. Reporters, as well as other people, reflect what is close to them. Only in rare cases can they project themselves mentally into another environment. Hence, Washington reporters are best on Washington news.

In Close Touch

But in a national election, the best guidance comes from the many reporters in the many local areas. The local political reporter has the "feel" of his community. He knows the politicians and officeholders; he meets many

people, hears a lot of gossip and lives in an environment which is constantly reacting to political events. Moreover, he has pride in his workmanship. He wants his copy to be right, regardless of his personal prejudices and wishes. Objectivity makes him a good reporter.

In light of this, I studied the congressional campaign two years ago by traveling from state to state seeking advice and information from political reporters in large and small cities. Then, on the basis of their collective judgments, first obtained by personal contacts and later by telephone and mail, ten days before the election I put into print an estimate of the number of seats the two parties would win in the election. That estimate was within two seats in the house and one in the senate. Again, local political reporters had provided the correct answer.

Polls Have Flaws

Although polls are useful in political evaluations, they must be balanced against many other considerations. It takes time to take a poll and to compile the returns. Public opinion is a moving pattern. Opinion polls are based on sampling, and there are always dangers in the size and locale of the sample. The people interviewed do not always interpret the question properly, and they are likely to answer without premeditation. And when they are asked to appraise a general situation, they are heavily handicapped by their own wishes.

Above all, never take at face value the prediction of a candidate or of his manager. Their statements are intended to influence and not to inform.

Finally, it should be said and said again that the real contribution of any political reporter or commentator is not prophecy. His job is to give his readers the material for wise judgments. Most important in politics is what ought to happen, not what might happen.

Long Winded and Short Sighted
A California strike has ended after two and a half years.

Everything comes to him who arbitrates.

Two and a half years... was that a labor dispute or an endurance contest?

That's a long time to carry a grudge, much less a placard.

Anyone who can nurse a grievance that long must have discovered the secret of perpetual emotion.

At any rate, the strike has at last been settled. This is probably looked upon as a victory... at least by those employees who are still young enough to work.

Daily Bible Thought

Cruelty and falsehood destroy us more certainly than they do the victims of these ugly sins. The perfect preventive of these errors is treasuring mercy and truth as precious virtues.—Prov. 3:3: "Let not mercy and truth forsake thee; bind them about thy neck; write them upon the table of thine heart."

It's All Another Conspiracy

The ERP I now denounce—

It's nothing but a plan

To help the corporations and

To soothe the businessman's

Forget the sickening countries and

Let each one go to pot.

The Marshall plan, I tell you, is

A dirty Wall street plot!

II

The golden rule could be okay,

But don't be dumb and blind;

There's apt to be a great big bad

Industrialist behind.

Perhaps the Good Samaritan

On the level, but

I am a most suspicious one

And think he took a "cut."

III

Oh, I admit that Europe's in

A sad and sorry mess;

There's anguish there for millions and

I know there's wide distress,

But helping it recover is

Not proper, I'm afraid

It's just an awful plot to give

A corporation aid.

IV

Yes, Italy is on the rocks

And so is little Greece;

The French and Belgians need some help

To pave the way to peace;

There's suffering beyond compare

But aid is just a scheme

To fatten up our industries

On peaches and whipped cream.

V

To help the needy's good advice—

The counsel's very clear—

But I see plots extensive in

A presidential year.

Big businessmen are, oh, so vile,

And crooked that, you see,

They can't have decent motives like

Those held by you and me.

A life saver would not get by

With me to cry, "No soap!"

(He could be just an agent for

A trust producing rope)

When he responds to calls for help

I first demand to know

If some life-boat producer ain't

His backer vile and low.

VII

When fire sweeps the old folks' home

I do not act in haste;

I want to know the firemen

Are honest, brave and chaste;

Quite true they run the ladders up

But I've a notion that

Some ladder manufacturer

Get profits extra fat.

18,000 Cheer Wallace
In Madison Sq. Garden

By The Associated Press
NEW YORK—A crowd estimated at 18,000 cheered Henry Wallace last night as he outlined his ideas for ending the war and launching a 'century of peace.'

Addressing a Madison Square Garden rally, the third party presidential candidate said: 'There are no differences between the United States and the Soviet Union "which cannot be settled by peaceful, hopeful negotiations."

He presented his views in the form of an "open letter" addressed to Prime Minister Stalin. Wallace's running mate, Sen. George Taylor (D-Idaho) also spoke at the rally, which was sponsored by the Wallace for President com-

In Plain Words

WASHINGTON (AP)—The three railroad unions, which threatened a strike, are on pretty much of a spot.

The big question for them is: Now what do they do?

At this point they probably don't know themselves.

They're in a box. One of the men connected with the unions admitted as much to this writer.

The three unions—engineers, firemen, switchmen—marched steadily uphill to the point where they called a strike.

After all that buildup—it got the country into a kind of crisis mood—then had to call off the strike.

The railroads wouldn't give in to them, and the government took over the roads. It did more. It got a court order forbidding a strike.

That stopped it, at least for the time being. There wasn't anything for the unions to do but stay on the job, after the court order.

If they hadn't, they would have faced possible heavy fines for contempt of court, like the ones John L. Lewis got for not calling off his coal strikes.

The railroad no-strike order is only temporary. It ends May 19. The unions could argue then against the court's issuing a permanent no-strike order. But it's not even clear they'll do that.

SINCE THE UNIONS have not been given what they wanted, they still want to argue or bargain for it. But with whom?

The railroads are sitting pretty. Their attitude can be "take it or leave it."

Although the government has seized the roads, the companies actually are running them.

And the court order is protecting the companies against a strike.

Secretary of the Army Royal doesn't seem in any hurry to take over the roads.

By GOING BACK a bit, you can see the spot the unions are in.

Nineteen other unions have settled with the roads for a pay raise of 15% cents an hour, or a \$1.24 a day for an eight-hour day.

These three unions, arguing with the roads last summer, have insisted on a 30 per cent raise, with a minimum boost of \$3 for all their 190,000 members.

In addition, these three unions wanted 23 changes in working rules.

That would mean an increase

finders had recommended.

The companies have issued a statement saying they'll accept the fact-finders recommendations.

That's pretty much a "take it or leave it" proposition. The railroads can thus sit back and let the union leaders try to find a way out.

So, all in all, the unions find themselves in a lot worse bargaining position than before the deadline for the strike they called off.

Plan All-Night Prom
For Classes in Upper

Special to The Star

UPPER SANDUSKY, May 12—Decorations for the junior-senior prom here at 8 p. m. next Monday will feature a rustic wheel turning in the gentle "Old Mill Stream," flowing in a river bed constructed on the stage. Music for dancing will be by the students' dance band from South High in Columbus.

At midnight the fun will move to the Star theater where owner Leo T. Jones will entertain the classes. The program at the Star will close at 2:30 a. m. when the prom goes will go to open-house parties at the homes of several classmates.

Dawn has been set for the signal for another move to Harrison Smith park where the students will open the municipal swimming pool for the season. The swim will complete the gala all-night promenade at approximately 8 a. m.

Junior class officers and committee members were assisted in completing arrangements for their "super-prom program" by class sponsors Frederick Fiesman and Miss Evelyn Neumister, and by Supt. Charles E. Davis.

Centennial Committee
Campaigns in Upper

Special to The Star

UPPER SANDUSKY, May 12—The finance committee for Upper Sandusky's centennial and homecoming celebration July 4-5 is soliciting citizens and merchants this week for funds to "stage" the planned two-day event. Chairman E. G. Boles said the response so far has been "good" and committeemen expected to complete the canvass within the next 10 days.

Arrangements for the fireworks display and the western show for Monday night at the fairgrounds are being made by Ross Winters and Leo T. Jones.

A hunt for old pictures to be used in planning pioneer displays for show-windows and parade floats is being made by Delmo T. Miller. Windows will display pioneer clothing and tools along with historical relics during the week preceding the centennial weekend.

The parade at 2 p. m. Monday, July 5, will be paced by the most modern of music by several bands, but all the vehicles and floats will be of historical and pioneer times. Plans for the July 4 program are being made by the churches of the community.

Harding High School Choir Presents Concert for Public

By FRANCES HAAS
Solemn, varied numbers, light classics and novelty selections made up the program presented by the Harding High school choir in its annual concert Tuesday night in the Thomas A. Edison Junior High school auditorium. Under the capable direction of L. G. Jones, vocal music supervisor in the city schools, the choir gave a performance that merited the applause of the audience of about 550 persons.

Attending their maroon robes with white stoles, the voices of the 52 choir members blended in their repertoire range, and as an

ensemble, the group displayed pleasing balance and skill in singing the piano songs in contrast to the solo melodies.

Also well received were the ensemble group and the piano soloist, Frederick Lacey, who appeared on the evening's program from the Rotary club weekly luncheon meeting Tuesday at Hotel Harding. Also on the program was a film entitled "Our Own Mineral Resources," produced by the Standard Oil Co. of Ohio.

Piano soloist was Gordon Duffey, son of Rev. and Mrs. John Duffey of Wilmington, both formerly of Marion. Gordon, one of the outstanding young pianists in the state, recently received a rating of "superior" given by the Teachers Guild of National Piano Playing Auditions. For the audition, he was required to play 10 difficult classical compositions.

From memory, these were by such composers as Bach, Beethoven, Debussy and others. The auditions are held under the direction of a committee of deans of the National Teachers Association. The audition was held in Xenia where he studies.

Gordon's selections at the program yesterday included "Solfe Gigue" by C. T. E. Bach, "Invention" by J. S. Bach, "Conzonetta" by Schmitt, and "Fon Follet" by J. Rogers. As encores, he played modern selections upon a request from the audience.

Gordon and his parents have been visiting here over Mother's day with Rev. Duffey's wife, Mrs. Flora J. Duffey of East Walnut street, and Mrs. A. S. Keeler of St. James street. Gordon is a nephew of Mrs. Leroy F. Schneider of Forest street. Mrs. Lewis Wills of East Walnut street and Miss Edith Keeler of St. James street, art supervisor in the city schools.

The film, shown by Don Kreislinger of the sales engineering department of the Standard Oil Co. of Cleveland, dealt with the development and use of the various mineral resources in Ohio. Included in the film were several views of strip mining operations showing Marion Power Shovel Co. machines in operation.

Guests included Rev. Duffey who is a Rotarian, John Taylor of Richwood, Troy Cane of Rockford, Ill., William C. Doody of Cleveland, Ed Seibel of Columbus and Eddie Steele of Marion.

Taft may lose delegate
By The Associated Press
COLUMBUS, O., May 12.—Sen. Robert A. Taft may have 43 instead of 44 Ohio delegates backing him for the presidential nomination at the Republican national convention because of the death of Frank Worstell, Zanesville, a Taft-placed delegate candidate in the 15th district. Worstell died before the May 11 primary. Because of this, the secretary of state's office indicated, only 52 instead of 53 delegates may be certified. GOP leaders said convention officials may agree to seat one of the alternates, in the event one does not take the position automatically.

Your Good Health

By DR. HERMAN N. BUNDESEN
Troublesome Foot Infection

Coming of warm: Many forms of treatment for ringworm of the feet have been employed. During the war, ointments containing a substance known as undecylenic acid were widely employed for various fungus disorders of the skin. Dr. Emanuel Muskatblit tried out a preparation of this type on 44 patients, twenty-eight of whom had ringworm of the feet, one of the hands, and four of the nails. The remainder had fungus infections of a different type. Of 32 patients who had ringworm infections of various parts of the body, 22 were cured. In five, the treatment was a failure, while in the other five the results were doubtful. The cure required from eleven days to three and one-half months.

Who plans and furnishes 90% of the New Kitchens in Central Ohio?

Lennon's, of course!

The fact that the friends and neighbors of our clients account for a very large percentage of our business is no accident. It is the direct outgrowth of our ten years' experience in design and construction... and the competence of our skilled mechanics.

We will make your kitchen the loveliest room in your home... just as it should be. Whether you plan a complete new home, a modernization job or just a cabinet or two to add to your present installation, we invite you to share our experience and facilities as designers and consultants. This service is free.

We help you plan the Kitchen that is best suited to your home... a kitchen designed for YOU... You just can't be satisfied with a Kitchen that merely gives you a little added storage and work space... you need one that will save steps, make every minute count... a Kitchen that will make your friends exclaim "How Lovely" when they see it. That is a Lennon Kitchen.

CONTRACTORS. Save Time... Save Labor. Your mechanics cannot build cabinets for the prices we charge... wood or steel. Dozens of successful contractors order our cabinets delivered complete on the job... they save time and money. So could you.

Toledo Lady Loses 32 Lbs. With This Home Recipe

"I am 32 years of age," writes Mrs. Walter Kruse, 623 Orchard St., Toledo 9, Ohio, "and I have lost 32 pounds while taking Renel Concentrate. Before using Renel I had colitis so bad I was in misery all the time but since the first bottle I have begun to reduce and had wonderful relief."

Hundreds of others have obtained similar relief from the social and physical discomfort of being overweight. Why not try this effective yet inexpensive method of reducing and enjoy the pleasure of feeling younger and more alive. Try Renel and notice the amazing looks you will receive from your friends as your figure becomes younger and

your vitality increases. Just go to your druggist and ask for 4 ounces of liquid Renel. Pour the contents into a pint bottle—add enough unsweetened grapefruit juice to fill the bottle and then take two tablespoons a day. That's all there is to it. If you aren't satisfied with the results return the empty bottle to the manufacturer and your money will be refunded. You need never know a hungry moment while taking Renel—no starvation diet—no printed diet list to buy—no vitamins to fortify you against weakness while going hungry. For you WON'T be hungry. Don't be switched to another product. Insist on the genuine Renel.

SEE EVERY PART OF THE SURFACE FOR Fast, Easy Cleaning

You can't help but keep a McCormick-Deering Milker pail spotlessly clean. Every part of the surface that milk touches is readily seen for quick cleaning. Besides, the completely stainless steel construction makes rusting impossible. Just take a look at this modern machine and you'll agree that the easy-to-clean McCormick-Deering helps produce more profitable milk.

And the 9-inch pail opening... how can that mean better milk for you? Because it simplifies your cleaning job, thus keeping bacteria at a minimum, and speeds up drying. There's a good way to prove these facts. Stop in and look over this great milker or, better yet, arrange for a demonstration. Find out for yourself just how the McCormick-Deering Milker turns out cleaner, healthier milk.

SCHAFFNER'S

For each foot or fraction of a foot the plug falls outside the line, one demerit will be given. If the plug strikes the edge of the target or falls inside, it will be scored "O", a miss of three feet will be marked "3", and so on. The total number of demerits for the 10 casts, subtracted from 100 will constitute a contestant's tournament score for the event. High score will win.

Method of Scoring
This event will be scored on a demerit system as follows:
For each foot or fraction of a foot the plug falls outside the line, one demerit will be given. If the plug strikes the edge of the target or falls inside, it will be scored "O", a miss of three feet will be marked "3", and so on. The total number of demerits for the 10 casts, subtracted from 100 will constitute a contestant's tournament score for the event. High score will win.

For the fly casting for accuracy event the following will prevail:
The five targets will be strung out on a straight line from the casting box, with the first ring at 35 feet and the last one at 65 feet, five feet apart from center to center. The center will extend enough line to reach the first target, will call "score" and make the cast at the first ring. He will repeat with a second cast at the first ring, then strip off what he thinks will reach the second target, lift the line, make his back cast and shoot at the second target. He will repeat the cast to the second target and continue to the third, repeating the process until he has had two tries at each of the five targets. The same system of scoring will be used as in the bait casting event, with an additional demerit if any back-cast touches the ground.
Three Casts Allowed
In the cast casting for distance event each contestant will make three casts and will be rated by the longest cast. No leaders will be permitted.
In the fly casting event for distance each contestant will make three casts and will be rated by the longest. The sponsors state that in this event as many false casts may be made as are necessary, but a backcast that touches the ground will disqualify the forward cast.
Tournament prizes will be fishing equipment. No registration fee will be charged. Contestants must furnish their own casting equipment and their own fly, barb removed, for the fly casting events. Official 3/8-ounce plugs will be furnished for the bait casting events.
The tournament is scheduled to get underway at 2:30 p. m. and anyone wishing to enter is to register at McKim's like the date of the contest between 1 p. m. and 2:30. No entry blanks are necessary.
Prizes in the tournament are being furnished by the following stores: Vance Sporting Goods, Turner Hardware, Cusins and Fearn, Watkins Sporting Goods, Prospect, Prospect Hardware Sup-

It's the Fit that Counts

MANY Weather-Seal owners are making home improvements this spring with the money saved from last winter's fuel bills. Bunching drafts and heat loss with TIGHT-FITTING WEATHER-SEAL WINDOWS AND DOORS made this possible. And, there are other savings ahead this spring and summer. Eliminating dust and dirt cuts out costly cleaning bills and stormproof ventilation removes the threat of sudden drafts that cause damage to curtains, draperies and rugs. Investigate THE FIT THAT COUNTS.

EASY CHANGEOVER

Windows that FIT are easy to change. No binding surfaces... no strips or caulkers... simply remove the storm seal and replace with screen inserts from the inside in a few seconds.

Weather-Seal's can use interlock is a built-in feature of every window and door. The interlocking FIT of the tongue and groove surfaces is both instant and permanent. Frame are your protection against ALL outside elements.

The authority provided in the bill is intended to purchase 4,262 warplanes—1,727 for the Air Force and 1,535 for the Navy.
The Air Force is operating around 4,000 combat planes today, while under a 10-year program, it will have about 6,200. If an immediate expansion became necessary, the Air Force could draw on the 12,000 planes it has in storage, although Air Secretary Symington has said only 2,000 of those are types which fit into the modernized program.

Young Farmer Freed Of Murder Charge
By The Associated Press
MARSHALL, Mich., May 12—Earl Kent, 20-year-old farmer, was free today of a charge of murdering his high school sweetheart, Flavian Watkins.
A circuit court jury of seven women and five men acquitted young Kent early today after more than seven hours' deliberation. The decision—returned at 1 a. m. (EST)—was greeted with cheers by a packed courtroom audience.
During Kent's week-long trial the defense had contended the pretty 16-year-old girl took her own life with a rifle blast March 24.
Kent testified he had visited Flavian at her farm home near Burlington and had broken their engagement shortly before she was found fatally wounded. He insisted he left her unharmed but hysterical.

INFANT DIES
The infant son of Arthur and Geneva Rowland Watt of 534 Avondale avenue, born at City hospital about 9:30 a. m. today, died at 11 o'clock. Surviving with the parents is a sister, Shirley Kay Watt. The body was removed to the Uncapher-Bastian funeral home on West Columbia street. Funeral services will be conducted at the Uncapher-Bastian funeral home Thursday at 2 p. m. by Dr. Henry Schaeffer, pastor of St. Paul English Lutheran church. Burial will be in Marion cemetery. Arthur W. Watt was chosen as the name for the child.

Convict Indicted In Slaying of 2 Guards
By The Associated Press
COLUMBUS, O., May 12—An Ohio penitentiary convict was indicted on first degree murder charges yesterday in connection with the fatal stabbing of two guards April 19.

The Franklin county grand jury returned two true bills against John Thomas, 34, of Dayton, in the deaths of guards Walter W. Zimmer and S. P. Chesshir. Thomas was charged with stabbing them with a knife after escaping from a hospital strong ward. He was sentenced for a Montgomery county burglary. The grand jury also returned armed robbery indictments against four ex-convicts accused in the \$10,000 Ritz club holdup last Jan. 23. Named on four counts each were George (Red) McGahan, 61; Howard (Ace) Bowman, 38; William Green, 38, and Walter Flory, 37.

Gold Shipment Stolen By Bandits in Siam
By The Associated Press
BANGKOK, May 12 — The criminal investigation division announced between 20 and 30 armed bandits today stole an international gold shipment valued at \$2,000,000.
The shipment was enroute to Maco from India on a KLM (Dutch) plane that stopped at Bangkok overnight.
The bandits, disguised as Siamese police and soldiers, halted a truck carrying 120,000 grams of gold to the customs house for safe keeping. Nine guards were handcuffed. The bandits escaped. International air traffic from Bangkok was suspended until noon while police searched plans to prevent the gold being flown abroad. Police recovered \$200,000 worth of the gold.

CLEVELAND SURGEON ADDRESSES DOCTORS
Academy of Medicine Hears Dr. John Hannibal.
Dr. John E. Hannibal, chief of surgery at St. John's hospital in Cleveland, was speaker last night at the meeting of the Marion Academy of Medicine held in the Marion Club room at Hotel Harding.
Dr. Hannibal made a detailed report on surgical cases dealing with gall bladder disorder from findings in 100 operations of this type that he had performed. His report was followed by general discussion by members of the local academy.
Speaker was introduced by Dr. Dan Murphy, who served as resident physician at St. John's under Dr. Hannibal. Mrs. J. Malcolm Streitz expressed appreciation of academy support given the Cancer Drive and of participation by academy members in the cancer clinic.
Dr. William H. Whitehead conducted the meeting. Buffet lunch followed the program.

GUESSES LEWIS IS RIGHT
By The Associated Press
WASHINGTON, May 12 — A possible nationwide strike of long distance telephone operators hinges today on a new government attempt to settle the union-company wage dispute. John J. Moran, president of the CIO American Telephone Workers union, said a strike date will be set if the government negotiations fail. "Nobody pays much attention to it until you inconvenience them," Moran told a reporter. "I guess John L. Lewis has the right idea."

You Have Every Right To Know These Things . . .
It is the most natural thing in the world that people prefer to avoid the subject of funeral service. And yet it is something that the head of every family should understand.
That is why we publish these messages. The management of the Hughes Funeral Home believes that families will be better served when they know more about what they have every right to expect in funeral service.
Further than that, we invite inquiries as well as inspection of our Funeral Home and the facilities we offer. There is nothing about our methods of doing business which the public may not know.

Moment of Silence To Honor Osgood Set for Cubs-Braves Game Tonight

A moment of silence immediately before the Marion-Richmond game will be observed at Richmond tonight in honor of Bob Osgood, the Cub pitcher who collapsed and died of a heart attack in the game last night.

Second game to the Cubs Saturday to catch for the ball club.

Manager Zeke Bekeza is expected to return from a broken heart suffered in a game at Richmond last night.

He played his first game Sunday afternoon and his last Sunday night.

Bearden To Try To Beat Jinx

By The Associated Press
NEW YORK, May 12—Gene Bearden, the Cleveland Indians' promising southpaw with the puzzling knuckleball delivery, will attempt to put the Tribe back into the victory column tonight in a battle against the jinx of Yankee stadium.

The age-old "hex" on Cleveland teams worked overtime yesterday as the Indians lost several scoring opportunities and stumbled to a 4-1 defeat at the hands of Allie Reynolds, who was traded to New York by the Tribe.

Ironically, it was Joe Gordon, who was received from the Yankees for Reynolds, who committed the most costly bobbles. Gordon's error on a third-out grounder in the fourth led to the final Yankee score after his wide throw permitted New York's third run in the third inning. This miscue, on the end of a double play, did not enter the record books.

Bob Lemon went down to his second loss, against three wins, after being the victim of a shaky start. Charley Keller's double, Bobby Brown's single and Joe DiMaggio's long fly gave the Yankees a pair of tallies in the first off Lemon.

Kellner Hits 10th
Ken Kellner cut New York's lead to 3-1 with his 10th home run of the season into the left field stands. An umpire's decision that Eddie Robinson's drive into the stands was foul and a bleacher catch of Gordon's long drive earlier that inning cost the Indians a pair of runs.

Reynolds then turned on steam in the clinches the rest of the way to notch his fifth straight triumph, the fourth in a row for New York and the end of a five-game Cleveland winning streak. The loss tumbled Cleveland into second place, 21 percentage points ahead of the Yankees.

Bearden, who came within one out of blanking the Washington Nationals in a brilliant first start last week, was slated to oppose lefty Ed Lopat in tonight's tilt. Lopat, an Indian nemesis of long standing, holds a lifetime record of 12 wins in 14 starts against Cleveland.

Bearden
Bearden (6-4) moved into second place behind Springfield (5-3) and ahead of Marion (4-4), by defeating New York 4-1. Manager George Stallor scored the winning run in the sixth. He was tagged home by catcher Tom MacGregor after smashing a double.

Ken Whitmore, who went all the way for Portsmouth, struck out five batters in a row during the sixth and seventh innings. He finished with seven strikeouts.

Ken Lanning of Muncie also went all the way—against two Muncie pitchers. It was Lanning's second win against no defeats.

Predicts Dillard Will Crack Rice's Record
By The Associated Press
CLEVELAND, May 12—The "greatest desire to win of any competitor in the country" will carry Harrison Dillard to an all-time record for consecutive track victories Saturday, his coach predicted today.

Coach Ernie Finnegan lauded the Baldwin Wallace star's latest triple victory in a meet with Akron and John Carroll universities at nearby Berea yesterday. The victory ran the Negro speedster's two-year string to 64 straight triumphs.

"And you can say for me that Harrison will crack Greg Rice's mark of 65 straight wins in our dual meet with Miami University at Oxford, O., Saturday," Eddie declared. Rice set his mark as a distance star for Notre Dame.

BEE GEE TRACKMEN DEFEAT WESLEYAN
By The Associated Press
DELAWARE, O., May 12—Bowling Green's track team defeated Ohio Wesleyan here yesterday 80 2/3 to 46 1/2 on a muddy field.

The Falcons, led by Hal Robinson, scored 11 first places to Ohio Wesleyan's five for their fourth straight track and field win. Robinson took first place in the broad jump and 100-yard dash, and second place in the 220-yard dash, as well as being on the winning 880-yard relay squad.

Turns Down Race Bid
By The Associated Press
COLUMBUS, May 12—An application for Aug. 30-22 harness racing at Cuyahoga county's fair was rejected by the state racing commission yesterday. The commission said Randall Park, 30 air-miles from the fairgrounds at Berea, already was granted those dates. Ohio law prohibits two race tracks within 30 miles of each other from operating simultaneously.

YMC To Hold Softball Rule Meeting Thursday
The first of a series of softball rule interpretation meetings will be held at the Y.M.C.A. Thursday at 8 p. m. Bob Minard, Y.M.C.A. athletic director announced today. All umpires and any managers or players interested are urged to attend.

The Y.M.C.A. is in desperate need of umpires, Minard said, and any man interested in becoming an umpire will be welcomed at the meeting.

The pay rate for plate umpires will be \$2 a game and base umpires \$1, Minard said.

Name Two Coaches At Madison High School
By The United Press
MANSFIELD, O., May 12—Ernie Walker, coach at Shiloh high school near Lima was named today as head football coach at Madison High school here, while Blaine Dowler, Lodi coach for the past two years, was named Madison basketball coach.

Walker, 26, and Dowler, 27, will share coaching duties during the track and baseball seasons.

Madison school officials split up athletic work formerly handled by Jeff Deffenbaugh, who resigned to coach at Sandusky.

REDS OBTAIN LITWILER FROM BOSTON BRVES
By The Associated Press
CINCINNATI, May 12—Outfielder Danny Litwiler was obtained by the Cincinnati Reds today from the Boston Braves.

Warren C. Giles, Reds president, also announced that Marv Rickert, outfielder obtained from the Chicago Cubs last winter, had been sent to Milwaukee in the American Association, a Boston farm.

Tough Day on Umpires In Tribe-Yank Game
By International News Service
NEW YORK, May 12—Today an umpire's lot is an unhappy one. Red Jones and Bill Summers, members of the American League men in "blue," are convinced today that the statement holds true. Jones, who was calling 'em behind the plate, was hit in the chest by a foul tip off Larry Doby's bat in the fifth inning of yesterday's Yankee-Cleveland game. He was forced to retire for the afternoon.

Then Summers prepared to replace his fellow-arbiter behind the plate.

He tumbled down the Yankee dugout steps while adjusting his shin guards. The only injury was to his pride.
